

B.S.B.A. in Finance Program

- Our finance degree provides a strong analytic emphasis, mentored by dedicated faculty in small classes, with the hands-on experiences demanded by today's employers.
- All students receive the foundations of finance in the required program, but can then either broaden or deepen their understanding with many certificate opportunities including investments, corporate financial management, accounting, computer information systems, entrepreneurship, and marketing.

Benefits and Opportunities

- Take part in the active management of a \$500,000 student managed investment fund that has received national awards.
- Competitive starting salaries ranging up to \$52,000 in 2002-03.
- Access to dedicated faculty with national reputations.
- Work with a team of students, mentored by faculty, to provide real world consulting to the business community.
